EDUCATION

RUTGERS UNIVERSITY — Newark, NJ

Bachelor of Science | Major: Computer Science; Minor: Mathematics — Expected January 2026

Relevant Coursework: Intensive Programming, Mobile App Development, Advanced Data Structures, Machine Learning and AI, Software Engineering, Psychology

WORK EXPERIENCE

UI DEVELOPER — Dunellen, NJ

Freelance — Jan 2025 – Present
- Designed and developed business and personal websites for clients from concept to launch, managing entire project lifecycle
- Created both low and high fidelity wireframes, mockups, prototypes, and designs using tools such as Figma, Canva, and Adobe Creative Suite
- Hand-coded websites using HTML and CSS, implementing responsive design for seamless cross-device functionality

CVS PHARMACY — Middlesex, NJ

Operations Supervisor — Sep 2022 – Nov 2024
- Managed and optimized database systems to track and analyze operational data.
- Managed cash handling procedures, maintaining accuracy in financial transactions and minimizing discrepancies in daily reconciliations

PROJECTS

WEB DESIGN OF COMPANY SITE — May 2025
- Used Figma to design and present multiple custom website concepts; collaborated with business owner to select and refine a final layout based on brand goals and usability
- Incorporated responsive design, automated event listings, integrated customer reviews, and easy content management for non-technical users

AUDIO DEVICE UI DESIGN — Feb 2025
- Transformed a rough sketch into a visually appealing, user-friendly design for desktop and mobile, incorporating wireframes, text, shapes, images, and advanced Figma features such as masking, gradients, and Auto Layout.
- Created interactive prototypes and reusable components to showcase the user flow and ensure design consistency across platforms.

ACTIVITIES

COLORSTACK — Newark, NJ

National Member — Feb 2024 – Present
- Engagement within a community supporting underrepresented students in tech through networking and professional development events.

ENGin — Kyiv, UA

Alumnus Volunteer — Nov 2021 – Present
- Coordination of free online conversation practice for Ukrainians learning English in a supportive environment.
